**Prof. Aris Daniilidis**

University of Chile

**Prof. Gabriele Eichfelder**

TU Ilmenau

**Prof. Jeya Jeyakumar**

University of New South Wales

**Dr. Guoyin Li**

University of New South Wales

**Prof. Jeff Linderoth**

University of Wisconsin-Madison

**Prof. Jie Sun**

Curtin University

## Purpose of the workshop

The workshop is focussed on the modern aspects of optimisation that involve deep interplay between computational problems and pure mathematical questions. We especially encourage students and early career researchers to participate in this workshop.

Early registration **15 May 2016**

Student travel fund is available
